JYOTHISH LAL J

Microsoft Dynamics 365 Commerce Technical Consultant (MPOS / CPOS)

Abu Dhabi, UAE • +971 56 612 6553 • jyothish7776@gmail.com

PROFESSIONAL SUMMARY

Experienced Microsoft Dynamics 365 Commerce (Retail) Technical Consultant with over 6 years of expertise in delivering scalable POS solutions, including MPOS/CPOS customizations, Hardware Station extensions, and end-to-end system integrations across the UAE retail and healthcare sectors.

Strong domain knowledge in UAE Health Insurance integrations, including Shafafiya, DHA, and Riayati, with hands-on experience in implementing compliant and high-performance solutions.

Proficient in the full Software Development Life Cycle (SDLC)—from requirement gathering and design to UAT support, deployment, and post-production troubleshooting. Skilled in identifying performance bottlenecks and delivering optimized solutions in high-volume retail environments

CORE SKILLS

- Dynamics 365 Commerce: MPOS/CPOS customization, POS extensions, Hardware Station extensions, deployment & support
- Integrations: third-party systems, pharmacy/retail portals, barcode/GS1 scanning, printing & reporting
- Development: C#, .NET Framework, TypeScript, Knockout.js, JavaScript, REST/SOAP integration patterns
- Data: SQL Server (queries, stored procedures, performance tuning), data validation & reconciliation
- Delivery: requirement gathering, documentation, UAT, incident resolution, release management (Azure DevOps, Git)

CERTIFICATIONS

- Microsoft Certified: Finance and Operations Apps Developer Associate
- Exam AZ-220: Microsoft Azure IoT Developer

PROFESSIONAL EXPERIENCE

D365 Commerce Consultant (MPOS/CPOS Developer) • Pharma Link Drug Store (UAE)
Aug 2024 - Present • Abu Dhabi, UAE

- Develop and customize Dynamics 365 Commerce MPOS/CPOS features and extensions for retail pharmacy operations.
- Implement and support integrations and enhancements (GS1 barcode scanning, discount/voucher module, portal integration, Tatmeen integration).
- Handle testing/UAT support, deployment activities, and production issue resolution.

Consultant (D365 MPOS/CPOS Developer) • D365 Solution Private Limited
2020 - Feb 2024 • UAE (Client projects across GCC)

- Delivered MPOS/CPOS customizations, integrations, documentation, and deployment support for retail clients.
- Built Hardware Station extensions and invoice/label printing enhancements; developed custom retail reports.
- Performed performance optimization and troubleshooting for POS deployments (online/offline DB scenarios).

Junior Software Engineer (.NET Developer) • Zewia Software Solutions (P) Ltd
2019 - 2020 • Kerala, India

- Web application development using .NET Framework with SQL Server.
- Worked on front-end and back-end development, database management, and deployments.
